

## Make money studying/watching TV/sleeping as an Overnight Pet Sitter

### Important Questions to Answer Before Applying

- Will it be a hardship on your family for you to be away from home?
- Will your own pets suffer from your absence?
- Are you available to work evenings and weekends?
- Do you need to make a certain amount of weekly income (we go to work when our clients request service so there is no guarantee of work/assignments)?
- Does your schedule allow for you to stay in a client's home **CONTINUOUSLY from 5:00pm-9:00am** (jobs last anywhere from 2 nights to 3 weeks)?
- Are you neat/tidy and feel comfortable living in a client's home?
- Are you available to work with us for at least one year (pets will want to develop a long-term relationship with you)?
- Do you have two **OVERNIGHT** pet sitting references (friends or family count)?

Our assignments provide an incredible opportunity to spend time with a variety of animals on a part-time basis to supplement an existing income. Applicants should be aware that this type of work is a big responsibility — living, breathing animals will be relying on you to be a punctual, organized and competent care giver. Trustworthiness, plenty of common sense, and an ability to follow detailed instructions are key criteria to working with us.
